KNOTT-AVONRIDE LIMITED

European Community Whole of Vehicle Type Approval (ECWVTA) - 2007/46/EC

- Do you know that ECWVTA comes into effect for trailers on 29 April 2009?
- Have you considered the impact of ECWVTA on your business?
- Are you aware of the advantages of having type approved trailers?
- Have you made plans to take advantage of the new opportunities?
- Are you reviewing your designs to ensure that they comply?
- Have your current suppliers had many years of experience in type approval?
- Do your current suppliers have ALL the documentation in place to support you?

IF THE ANSWER IS "NO" TO ANY ONE OF THESE YOU MUST SPARE THE TIME TO TALK WITH US.

www.WeAreReadyAreYou.com

KNOTT-AVONRIDE LIMITED

ECWVTA – 2007/46/EC

Most trailer manufacturers in the UK will have the option of type approving products from 29th April 2009 and most will have a mandatory requirement to type approve from 29th October 2012. Other dates can be seen on the time line overleaf.

Knott-Avonride Ltd pride ourselves in supporting our customers, not just in component supply but in technical support, back up and documentation.

As part of our continuing commitment we have put in place documentation to support users of our products who wish to apply for Type Approval, whether it is full EC Approval or simply an Individual Vehicle Application:-

1. IVA (Individual Vehicle Approval)
2. NSSTA (National Small Series Type Approval)
3. ECWVTA

Our aim is to make the adoption of the new legislation as quick, easy and painless as possible.

NOTE : For specific rulings it is essential to refer to the nominated authorities (VCA and VOSA for the UK).
